A.1 Academic Honesty Policy

Academic honesty must be seen as a set of values and skills that promote personal integrity and good practice in teaching, learning, and assessment. EDUPRIZE High School believes that academic honesty is the responsibility of all members of the school community including teachers, parents, and students. Written communication can be a vulnerable subject due to plagiarism, and the academic honesty policy could be easily breached if students do not comprehend the policy's implications. Writing is an essential part of all IB and college course work readiness, and it is therefore, imperative for students to understand the nature of academic honesty. Students should not copy other students' work or use unapproved reference material when testing. Course credit and grades may be at risk if students are found to have not fully abided by our policy.

A.1.1 Definition of Academic Honesty/Malpractice

Academic Honesty/malpractice is defined as behavior that results in, or may result in, the student or any other student gaining an unfair advantage in one or more assessment component. Malpractice includes: Plagiarism- Knowingly submit the ideas or work of another person as the student's own Collusion- Supporting malpractice by another student, as in allowing one's work to be copied or submitted for assessment by another Duplication of work- presenting the same work for different assessment components and/or diploma requirements Any other behavior that gains an unfair advantage for a student

Work submitted that does not meet the standards for academic honesty will not be assessed. Intentional academic dishonesty on any assessment will be reviewed by EDUPRIZE administration and the "IB" coordinator and dealt with appropriately

A.1.2 Conventions for Citing and Acknowledging Original Authorship

EDUPRIZE has adopted the Modern Language Association (MLA) referencing guide in all subject areas and requires that students cite the source(s) for references and utilize the MLA format in their essays and written work. See the MLA pages included in the 2015-2016 EHS Student Planner for detailed instruction. However, the adopted EDUPRIZE practice is to use the APA system with the science disciplines.

A.1.3 Monitoring of Academic Honesty

If a student is suspected to have engaged in cheating, collusion, or plagiarism and breached the school's standards of academic honesty, the matter will be referred to the IB coordinator and/or the EDUPRIZE administration. The student will be informed of the concerns of the teacher and the matter will be investigated. The student has the right to reply to the allegation and discuss the matter with the program coordinator or the school administration.

A.2 After-School Athletic Program

Our EDUPRIZE Athletic Director facilitates and organizes the coaches and interested students in a variety of excellent sports programs. EDUPRIZE is a member of the Charter Sports League and is eligible to compete with several high quality teams. Students may participate in boys/girls cross-country, girls volleyball, boys flag football, boys soccer, boys/girls basketball, boys volleyball, and boys/girls track. In the past, many of our teams were unrivaled and proudly placed in state competitions and taken ribbons for highest honors. Each sport lasts about a quarter (9 weeks) through a traditional season, providing a designated skilled coach, teammates, practices, and competitive games.

Students may sign-up for all or a few of the sports. Students must have a medical physical, release of claims waiver, transportation agreement, code of conduct contract, and athletic fee form to participate in the athletic program. The Participation Fee for afterschool sports is \$200.00 per each sport and is due and payable at the time of tryouts. EDUPRIZE requires proof of health insurance and student accident insurance is available on the EDUPRIZE website. These forms can be downloaded from our website. At the end of the year in an Award Assembly, all EDUPRIZE teams and players are honored and recognized for their individual and collective participation.

EDUPRIZE Academic Policy requires that all students participating in these extra-curricular activities maintain a C grade or better in all subject areas, and all assignments must be completed. If students' grades are not maintained, students will be temporarily disqualified from participation in these activities until their grades improve or assignments are completed.

A.3 Alcohol, Use or Under the Influence of

(Liquor law; possession, use, distribution and sale) The violation of laws or ordinances prohibiting the manufacture, sale, distribution, purchase, transportation, possession, or use of intoxicating alcoholic beverages or substances represented as

alcohol; this would include being intoxicated at school, school-sponsored events and on school-sponsored transportation.

	Minimum to Maximum Disciplines
1 st Offense	Short term suspension; behavior contract and possible referral to Board
2 nd Offense	9 days suspension; referral to Board for enrollment consideration

A.4 Alternative Educational Placement

Under certain circumstances, the district may reassign the student to an alternative educational program in place of long suspension, with or without the agreement of the student or parent. Additionally, under Arizona law, the district may reassign any student to an alternative educational program who refuses to comply with rules, refuses to pursue the required course of study, or refuses to submit to the authority of teachers, administrators or the Board. If a student is assigned to an alternative placement program in place of long suspension, there is no right to a formal hearing on the incident.

A.5 Animals

EDUPRIZE acknowledges its responsibility to permit students and/or adults with disabilities to be accompanied by a “service animal” in its school buildings, in classrooms, and at school functions, as required by the Americans with Disabilities Act, 28 C.F.R. Part 35, subject to the following:

- The animal must be a dog. No other species of animal, whether wild or domestic, will be permitted in schools as a “service animal”. Emotional support, therapy, comfort, or companion animals are not considered service animals under the ADA. Animals that provide comfort just by being with the person, because they have not been trained to perform a specific job or task, do not qualify as service animals and may not be allowed on school premises absent specific permission in alignment with District policy and regulation, related to animals on campus.
- Medical doctor must provide our completed form to provide evidence that the service animal is required to mitigate the disability and substantiate disability this must be received by the district prior to any service animal being on campus.
- All requests for an individual with a disability to be accompanied by a service animal on a regular and ongoing basis must be addressed in writing to the

school principal or immediate supervisor, and must include a copy of up-to-date required vaccinations. This written request must be delivered to the Superintendent of Schools’ office at least ten (10) business days prior to bringing the service animal to work, school. Visitors to school campuses including but not limited to parents, spectators or community members are not required to provide written notice or proof of vaccination before entering school premises with a service animal.

- Owners of the service dog must provide annual proof of the following current vaccinations; DHLPPC (Distemper, Hepatitis, Leptospirosis, Parainfluenza, Parvovirus, and Coronavirus), Bordetella, and Rabies. This requirement does not apply to visitors.
- Service Animals regularly on campus must be kept clean and be free of fleas, ticks and other parasites.
- Owners of service animals are liable for any harm or injury caused by the animal to students, staff, visitors, and/or property.
- The animal must be required for the individual with a disability.
- The animal must be individually trained to do the work or a task for the individual with a disability.
- The handler must be able to control the service animal at all times.
- A service animal must have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or tether would interfere with the service animal’s safe, effective performance of work or tasks, in which case the service animal must be otherwise under handler’s control.
- Students with service animals are expected to care and supervise their animals. In the case of a young child or a student with disabilities who is unable to care for or supervise his/her service animal, the parent is responsible for providing care and supervision of the animal.
- School personnel are not responsible for the care or supervision of a service animal, including walking the animal, caring for the animal, or responding to the animal’s need to relieve itself or clean-up after the animal has relieved itself.
- Issues related to the care and supervision of service animals will be addressed on a case-by-

case basis at the discretion of the building administrator.

- Visitors to all school sites are allowed to have a service animal which is trained to perform a specific task(s) for an individual with a disability. Visitors are not required to disclose specific or unique disability information nor provide any documentation or proof before the service animal is allowed to accompany the visitor and remain on school premises. Staff may ask only two specific questions: (1) is the dog a service animal required because of a disability? and (2) what work or task has the dog been trained to perform? Staff are not allowed to request any documentation for the animal, require that the dog demonstrate its task, or inquire about the nature of the person's disability. The ADA does not require service animals to wear a vest, ID tag, or specific harness or to be registered as a service animal. Emotional support animals are not considered service animals.

Removal of a Service Animal:

An administrator or supervisor may ask an individual with a disability or his parents to remove a service animal from a school building, a classroom, or from a school function if any one (1) of the following circumstances occurs:

- The animal is out of control and the animal's handler does not take effective action to control it.
- The animal is not housebroken.
- The animal's presence would "fundamentally alter" the nature of the service, program, or activity.
- The animal poses a threat to the health and safety of others.
- The animal poses an undue burden.

A.6 Arson

Any attempt to start or promote the continuation of any fire or explosion is prohibited; knowingly and unlawfully damaging school personal property by fire or explosion.

	Minimum to Maximum Disciplines
1 st Offense	9 days of suspension; referral to Board for enrollment consideration, agency reporting

A.7 Assaults and Fighting

Assaults and fighting are hostile encounters where physical contact may or may not occur, provocative arguing, verbal disagreement, and inducing fear by intimidation, either physically or verbally, are considered to be violations. Punching another individual, or any other violent physical or verbal attack so as to do or to threaten violence to another is considered an assault. A physical attack or fight includes an actual and intentional touching or striking of another person against her or her will or the intentional causing of bodily harm to an individual. This includes situations in which one person or group of persons physically attacks or "beats up on" another person who does not wish to engage in the conflict.

	Minimum to Maximum Disciplines
1 st Offense	Up to short term suspension; behavior contract
2 nd Offense	Short term suspension; possible referral to Board for enrollment consideration
3 rd Offense	Up to 9 day suspension; referral to Board for enrollment consideration

A.8 Assessment Policy

EDUPRIZE methodology and philosophy fully embraces mastery learning. We believe in a "Growth Mindset" where everyone can learn when given the appropriate opportunity and tools. Helping the student to be a self-directed learner is one of the goals of the school, and is the best strategy for promoting lifelong learning and success in his/her chosen career. In order to achieve this goal, teachers vary instructional methods, provide additional time-on-task, and additional practice as necessary to reteach concepts that students haven't mastered. Ultimately learning is the responsibility of the student. EDUPRIZE provides the following support services to help students earn credit: regular assignments, teacher assistance, after school study, corrective work, retake of assessments for mastery. Faculty and family support are both necessary to ensure each child's success. If credit is NOT earned through these means, the student will need to recover credit through one of the four options available (See Credit Recovery Options).

A.7.1 Assessment Practices

The assessment practices used by our teachers include school-based, IB internal, IB external and state-based testing. School-based assessments such as series testing, weekly quizzes and project-based assignments are essential for student success and contribute to students' report card marks. The report card mark is a combination of these quizzes, projects, homework and final assessments. Annual benchmark testing to show growth are administered in writing and through Galileo.

Every student is expected to accomplish at least a full year of growth.

A.8.2 Formative Assessment

Formative assessments are an ongoing process of assembling and interpreting student data to understand and prescribe future student instruction. This type of assessment allows students and teachers to reflect on student progress and allow extra practice and instruction which will enable students to improve their performance and be better prepared for summative assessments.

A.8.3 Summative Assessment

Summative assessments represent a culmination of student performance, skill and understanding over a period of time. These are inclusive in quarterly and semester examinations, and state-based examinations. For 11-12 grades, IB mandated internal and external assessment and IB criterion descriptors will be used for assessing students' performance according to those set out in each of the subject syllabi guides. Seventh and eighth grade students do not give finals attached to credits.

A.8.4 Formal Assessment

EDUPRIZE follows all state mandated exams, and also administers in-house placement testing, as well as course exams. Junior high students taking 7th and 8th grade core courses will be required to take end-of-year, grade-level assessments in English Language Arts (ELA), mathematics, and science (8th grade AIMS). The 7th and 8th grade ELA and mathematics testing will be done in-house. ELA and math teachers will provide beginning-of-year and end-of-year tests to measure student yearly growth. Likewise, 7th - 12th grade students taking high school level core courses will be required to take end-of-course state assessments in mathematics, English language arts (ELA), and science. Students will be required to pass the end-of-course state assessments for credit in any Math or English high school course.

Special Education students are required to complete the course of study as prescribed in their Individual Education Plan (IEP).

A.9 Attendance Policy

Arizona law (ARS 15-802) states that it is unlawful for any child who is between six and sixteen years of age to fail to attend school during the hours school is in session. A child who is habitually truant or who has excessive absences may be adjudicated as an

incorrigible child. Absences may be considered excessive when the number of absent days exceeds ten percent of the required attendance days prescribed (ARS 15-803).

The EDUPRIZE mission is to prepare students for college and career readiness. Therefore it is extremely important that the EDUPRIZE policy reflect the values and needs of not only our International Baccalaureate World Class School status but also esteemed colleges and potential employers. EDUPRIZE High School has implemented a more comprehensive attendance policy and track student attendance very closely.

- According to Arizona law, students are expected to attend at least 90 percent of class time in order to receive credit. Withholding of grades or credit can occur only if the student is absent more than ten (10) excused or unexcused days in a semester.
- If a student is absent more than 10 days per semester, the status of the class may become an audit and their grades/credits can be withheld.
- 'Excused Absence' is recognized by the state as illness or family bereavement as the only legal excuse. However, EDUPRIZE is more flexible and will accept parent-excused reasons: medical or dental appointments, family illness, etc.
- Parental excused, as well as unexcused absences, will count toward the limit of 9 absences per semester.
- Prearranged school-related activities will NOT be counted as absences in implementing this policy.
- Any student entering the classroom AFTER the bell has rung, and who does NOT have a written excuse from a staff member or the administration, will be considered tardy. If a student arrives more than 10 minutes after the bell rings it will be recorded as an absence.
- Excessive absences may result in a truancy referral. Students with unexcused absences may warrant a report to AZ Dept. of Child Safety (DCS) for truancy.
- If a student is absent 10 unexcused absences in a row, his/her name will be automatically taken off our roll books unless a student has a prolonged illness, in which case parents must notify the school. Cases involving prolonged illness or unusual circumstances may be appealed to the school administration.

At 7:55 the warning bell sounds and students should go directly to their first hour class. Students should not be in the building prior to school without teacher approval. Students who are late must check in at the front desk to receive a late pass. The JR/SR HIGH instructional day starts promptly at 8:00am. All students must be in their classroom seat prior to the start bell. Attendance will

be taken by 8:05 and immediately sent to the front desk. Students who arrive to school or class after roll is taken must check in at the front desk to get a tardy pass. Attendance in grades 8-12 will be taken hourly and students have only 4 minutes passing periods between classes. Therefore, if students have special needs that may require additional time, students should receive a hall pass with need specified to provide to their following hour teacher.

EDUPRIZE Online requires the following:

- a) If a child is not in attendance for ten consecutive days (on-line curriculum or virtual break-out sessions) and no parent contact excuses such as absenteeism, they will be unenrolled from the program as of the last day of attendance
- b) A full time equivalent student has the requirement of taking four full-time courses and a parent attestation agreement for such full time equivalency must be signed for each participating student. Student will be enrolled in EDUPRIZE SCHOOLS only.

A.9.1 Absences

If a student is absent from school or unable to attend AOI on-line session, parents are encouraged to call the night before or are to contact the school within 30 minutes of the student's start time but no later than 8:30am. This ensures that, for the safety of the student, his/her whereabouts are known. Excused absences are for illness, medical or dental appointments, or a family death or illness. Students with unexcused absences may warrant a report to Child Protective Services or a truancy officer. Parents will be notified if their child accumulates excessive tardies or absences (excused that exceed 5 unexcused or 8 excused) during any one semester.

Parents should contact the school if their child will be out of school for any period of time. If a student has 10 unexcused absences in a row, his/her name will be automatically taken off EDUPRIZE roll books unless a student has a prolonged illness in which case parents must notify the school and may be required to produce evidence of illness or treatment. Perfect attendance is defined as a student not being absent from any period for the entire school year, whether or not those absences are excused or unexcused. Perfect attendance is recognized annually.

A.9.2 Tardies

Students are considered tardy if they are not in their designated classroom when the start bell rings.

Students arriving after their start time need to report to the office to receive an admittance slip prior to entering their classroom. Tardiness will be excused for doctor, dental, vision, and hearing appointments when notified or signed in by a parent. All other tardies will be unexcused and can only be excused at the principal's discretion. Tardiness is not tolerated. Students with excessive tardies will be dealt with through normal behavior processes (i.e. student and parent conversations, principal referral).

Students who have an unexcused tardy may be assigned lunch detention during the same day or the following day for pm tardies. These students will report at lunch to the Responsible Center and will be required to eat lunch during period 5, with teacher approval. Should a student be tardy to classes held after lunch, they may be added to the following day's list.

Tardies are viewed as a disruption to the classroom environment. Coming late not only deprives the tardy student of full time learning but also disrupts the education of others. Students are expected to be in their seat and ready to learn by the end of the tardy bell.

Three tardies per quarter in a particular class may result in a one day after school detention/ISS, referral per class.

	Minimum to Maximum Disciplines	
1 to 4 tardies	Warning letter; Lunch Bunch	ISS/notifications sent home/attendance contract
Subsequent	ISS	Short-term suspension / Board hearing / or referral to Court

A.9.3 Absence/Tardy

- At the time a student has eight (8) or more tardies or absences, parents may be required to submit a letter of explanation to the Board of Directors to a resolution of causal issues.
- Students who are tardy more than 10 minutes who do not have a written excuse signed by guardian must be signed in by a parent at the front desk. Prior notice by note or phone call is appreciated for students being picked up during the school day.
- Students WILL NOT BE RELEASED the last 15 minutes of the school day without making prior arrangements including providing a note to administration at the beginning of that day. Students must be signed out at the front desk by the parent or guardian before leaving. As required by law, attendance is kept by

minutes. All absences must be recorded by the amount of time a student misses from the school day, and this may result in half-day absences.

- All absences will be considered unexcused unless a parent call or parent note is received stating the reason for absence. Daily attendance is expected and parents should not schedule family events in conflict with school days. Parents will receive a call from our attendance clerk for any absence that has not been reported. Excessive absences will result in possible lost credit for courses and a truancy referral.
- Course credit may be withheld for 10 absences or 20 tardies per semester

A.9.4 Makeup Work – Missed Assignments

Excused absences require teachers to provide makeup work. Students who return the next day will have until the following day to turn in missed assignments. Students out 2 or more days will have the same number of days to complete and turn in missed assignments. Students must schedule with their teachers a time to take any assessments missed within a reasonable period (not to exceed the number of days missed).

A.9.5 Absenteeism

The right and privilege of attending EDUPRIZE carries with it certain responsibilities on the part of both the parents and students. Parents and students must recognize the direct relationship which exists between academic success and regular school attendance.

Students, ideally, should remain in school. Only when absolutely necessary should they be absent, as much of the classroom activity cannot be duplicated or repeated. Regular attendance is the key to much of the success a student may gain from his/her school program.

A student is considered absent if he/she is not present in his/her assigned classroom during the time he/she is assigned. A student not in his/her assigned class 10 minutes after the tardy bell is considered absent. According to A.R.S. 15-803, absences may be considered excessive when the number of absent days exceeds ten percent of the number of required attendance days as prescribed in A.R.S. 15 802.B.1. After 10 unexcused absences in a row, the student will be withdrawn, unless a serious medical condition documented by a medical doctor is filed with the school. Excused absences are subject to approval by the PRINCIPAL. However, the parent must notify the school concerning the absence.

Absences shall be considered excused when they result from:

- Personal illness, verified by a note signed by the parent or guardian or a telephone message from the parent or guardian.
- Doctor or dental appointment, verified with an appointment slip or note.
- Serious family illness or bereavement, verified by parental contact or note.
- The student is absent due to a prearranged event whereby the parent/guardian notified the school office of the date/time of the absence and school administration approves the absence. An excessive amount of prearranged absences during a school year, however, could result in a student being placed on an attendance contract.
- Court appearances.

Unexcused Absences:

- Absences due to truancy/ditching will be considered unexcused.

Procedure for Reporting Absences:

- Prior notification is always best, however, documentation must be provided within 24 hours of a student's return to class. Failure to verify an absence within one school day will result in the absence remaining unexcused. An administrator may accept a documented absence (excused) for an unforeseen circumstance if presented within 72 hours.
- Parents/guardians are required to call the school or provide notes to explain absences.

Make Up Work from Absences:

- Students returning from an excused absence will have an amount of time equal to the number of days absent to make up work assigned during the absence.
- It will be the student's responsibility to see his/her teachers about arrangements to make up missed work and assignments immediately upon returning to school.
- Each ditch/truancy represents an unexcused absence.

Absence Without Permission/Truancy (Ditching)

A.R.S. 15-803 defines "truancy" to mean an unexcused absence for at least one class period during the day. All students must check out through the office. "Habitually truant" means a student who is truant for at least five school days within a school year. A student who is habitually truant or who has excessive absences may be

adjudicated incorrigible. Students in grades nine (9) through twelve (12) who are absent for more than ten (10) instructional days during a given quarter class may not be able to earn credit toward their high school graduation in that class.

	Minimum to Maximum Disciplines
1 st Offense	Conference to ISS – Parent Contact
2 nd Offense	2 days ISS – Parent Contact
3 rd Offense	3-7 days ISS – notifications sent home, parent conference and attendance contract, and/or schedule Board/Justice Court hearing date

A.10 Advocates

EDUPRIZE values greatly the relationship that is formed when working with parents on behalf of their child as members of an individualized Education Plan (IEP) team. While as teammates, we very much want to support and guide parents through the special education process by following the guidelines set forth in the Individuals with Disabilities in Education Act (IDEA), being transparent and engaging in open and honest communication, we recognize that at times parents may enlist the services of a special education advocate. For this reason, EDUPRIZE has adopted the following guidelines.

1. All communication, written, spoken and conveyed electronically will be directed to the parents or legal guardians of the student.
2. Parents are welcome to forward any communication between the school and themselves to anyone they wish.
3. EUPRIZE will not communicate directly with an advocate or carbon copy them on any communication between the parents and the school. This includes situations where parents sign a release authorizing direct communication with the advocate.
4. EDUPRIZE will only release special education documents to parents or legal guardians. The school is happy to make copies for the parent to share, but will not provide any documents directly to an advocate.
5. Advocates are welcome to sign attendance at a meeting; however, they are not part of the decision making process with regard to eligibility so they are not to sign eligibility documents.
6. Advocates are expected to remain professional during any meetings they attend. If at any time, they become rude, angry or display any behavior that is not conducive to developing the IEP that is student focused and reasonable, the Public Education Authority representative may conclude

the meeting and arrange for the team to reconvene at a later time. *Or ask the advocate/third party to leave?*

7. An advocate does not meet the federal definition of parent and therefore cannot act on behalf of a parent, make educational decisions on behalf of the child and does not have any legal decision-making authority unless court ordered.

A.11 Athletic or Extra-Curricular Participation Grade Requirements

Students must have a *C average or better in every class* to be able to participate in interscholastic sporting or extra-curricular events. C.6 Child Abuse Reporting

According to state law, school employees must report reasonably suspected cases of neglect, endangerment, non-accidental injury or sexual offenses against children to Arizona Department of Child Safety (DCS) or local law enforcement agencies. School employees are encouraged to report cases of concern to school administration for consideration and consensus.

People who are required to report reasonably suspected abuse are protected by state law from civil or criminal liability.

Each school has a child safety team for processing suspected cases of child abuse. The EDUPRIZE team consists of the administrator, nurse, and classroom teacher.

Interviews by Arizona Department of Child Safety (DCS) workers investigating abuse/neglect may be conducted at school. Under certain circumstances, the parent of a student who is the subject of the investigation or a sibling of the subject need not be given notice of such interviews. School officials may be present at the interview if necessary to the investigation.

In cases where law enforcement officers interview students, the building administrator may make reasonable efforts to notify the student's parent of the interview.

No student is allowed to leave the EDUPRIZE high school campus during the school day without an Early Dismissal Slip from the office. Students who are injured or ill must report to the office or to the nurse and are not permitted to leave campus until a school official has made contact with their parent or guardian. services. Parents or teachers are encouraged to meet during the second and fourth quarters, or as needed. Conference times are also scheduled for the second and fourth quarters, but parents may opt for a phone conference or no conference appointment.

When looking at test scores, please remember that they are only one indicator of student performance. In addition to ability and achievement, test scores are influenced by the child's motivation.

C.10 Course Credit

One unit of credit is granted to students who receive a passing grade (non-failing) in a course that meets for one period during the entire academic year. One-half unit of credit is granted to students who receive a passing grade in a one-semester course. Students successfully completing the requirements for an honors or IB course will receive additional points towards class rank in addition to the prescribed credit for the course. High school math and foreign language courses taken in 7th and 8th grade may be placed on the student's high school transcripts but will not count towards fulfilling course credits for high school graduation requirements.

C.11 Credit Recovery

Students will have 4 options to regain credits lost. They may make up the lost course credit by participating in:

1. Instructor, Mastery, Performance Approval (Within 90 days of year-end)
2. Credit recovery course offered by others
3. Attend summer school offered by others
4. Retake the course the following year at EDUPRIZE

If a student qualifies, he/she will have the opportunity to recover credits not earned during the previous semester/school year by making up the course during the following semester/school year. If the course option does not fit into the student's following year schedule, they must regain course credit by participating in the first two options above. A fee may be attached to cover program costs.

C.12 Curriculum

Every subject area has an over-arching framework guiding the year's curriculum which includes:

- Units of study aligned to Common Core Standards
- National and State Standards (accessible on-line Google Docs)

D.10 Dual Enrollment Credit Options

EDUPRIZE and Rio Salado Community College provide opportunities to our juniors and seniors for dual credit options. Dual Enrollment must be paid at parent expense for select courses for which students receive simultaneous High School and College credit. Students may earn an AGACK degree which gives them an

automatic acceptance into ASU. EDUPRIZE is collaborating with Rio Salado to provide dual enrollment options within core content areas and in the arts. Costs of dual credit are the responsibility of the parent and are paid directly to Rio Salado.

D.11 Due Process

Relative to student discipline, due process means that school officials must follow certain notice and hearing procedures before a student can be suspended for more than nine days or expelled. If a student is faced with a possible long suspension or expulsion, the appropriate due process procedure will be implemented. Hopefully, students will never be in a situation where due process procedures are needed.

School officials are not required to initiate or complete due process procedures prior to notifying law enforcement officers. If law enforcement officers are notified, the parent will be contacted by telephone or certified letter. Any action taken by law enforcement officers will be in addition to action taken by the school district.

The following summary provides an overview to acquaint students and parents with the due process procedure which applies to students faced with a long suspension or expulsion.

Long Suspension: A long suspension is ten school days or more. In addition to imposing a short suspension, the principal, dean, or designee may recommend that a long suspension be imposed. The Board of Directors has the authority to impose a long suspension following appropriate due process.

Written notice shall be given the student and parent that the principal, dean, or designee is recommending to the Board that the student be suspended for ten days or more.

Upon receiving a recommendation for long suspension, the superintendent or designee will contact the parent and schedule a meeting to discuss the situation. The meeting will be attended by the superintendent or designee, one or more Board members, and the principal or dean. At the meeting, it will be determined whether or not a long suspension should be imposed or, if applicable, whether the student should be assigned to an alternative educational program.

If the Board imposes a long suspension, the parent may request a formal hearing. A request for a formal hearing

must be made to the Board within two working days after notification that a long suspension has been imposed.

If a formal hearing is requested, an appointed hearing officer will hold the hearing at the district level. The parent and student shall be given written notice of the date, time and place for the hearing at least five working days prior to the hearing. A long suspension shall take effect upon receipt of the hearing officer's decision, subject to appeal to the Board. The hearing officer's decision may be appealed by sending a written notice of appeal to the Board within five working days after receipt of the hearing officer's decision.

“Expulsion” means the permanent withdrawal of the privilege of attending school unless the School Board reinstates the privilege. Expulsion of a student from a district school is a discretionary power of the School Board under the provision of A.R.S. 15-341, 15-342, and 15-843. The Board alone has the authority to exercise the power of expulsion of a student from the schools. The Principal or Dean of Students has the authority to recommend expulsion to the Board.

The parent and any student subject to expulsion shall be given written notice of the date, time and place for the hearing at least five working days prior to the hearing. Expulsion hearings shall be heard by the Board which shall hear the evidence, prepare a record, and then render a decision. The hearing procedure shall be closed to protect the privacy of the student unless the parent requests that it be open to the public. The Board’s decision may be appealed by sending a written notice of appeal to the Board within five working days after receipt of the Board’s decision.

E.2 EHS Education and Career Action Plan (ECAP)

All students develop their individual prescriptive Four-Year-Plan of studies in order to prepare for their college of choice through our rigorous curriculum preparatory for the International Baccalaureate Diploma Programme or vocational/technical studies, and careers through EVIT. Important to note, EHS continues to collaborate with Rio Salado Community College in offering Dual Enrollment options so students may earn college credits while attending our program. An Education and Career Action Plan (ECAP) for all JR/SR HIGH students is a reflection of their current plan of coursework, career aspirations, and extended learning opportunities. In consultation with their families, our Chancellor works with students to ensure that their individualized plan will meet graduation requirements, compliant to college readiness, and elective choices which will enrich individual unique talents.

E.3 Emergency Cards

We ask all parents to complete an Emergency Medical Referral card for each of their children annually. Tell us how to contact you or another responsible adult if your child becomes ill or is injured at school. List health problems, including allergies to food, medicine and insect stings. Please let us know if your address, email, home phone, business phone or emergency phone number changes during the school year. Be sure to include a working number to receive “text alert” messages in case of emergencies.

E.4 Endangering the Health and Safety of Others

Any variety of behavioral activities which would or could endanger the safety, welfare or property of others or the school district; acting in a way (verbal, written or physical) that may lead to a dangerous situation and/or threatens the safety of self or others is considered endangerment. E.5 Enrollment/Withdrawal

Students must be officially enrolled through the school office they can attend classes and must attend only EDUPRIZE and not any other school program not affiliated with EDUPRIZE. All students new to EDUPRIZE must supply documentation of immunity against certain childhood diseases. Students may be enrolled but immunizations must be current on or before the first day of attendance or parents must provide an established schedule for completion or a completed exemption form.

Any person enrolling a student (except a child or youth in transition) must provide the school with an acceptable document that establishes proof of age and identity per AZ state laws.

When you are planning on withdrawing your child, the office must have at least one day’s notice in order to prepare records. Students will not be sent without the parent signature on our withdrawal form.

E.6 Equal Opportunity

Federal law protects students from discrimination in any educational program or activity on the basis of race, color, national origin, sex or disability/handicap. Federal law also prohibits discrimination in employment based on race, color, religion, sex, national origin, disability or age. Lack of English language skills shall not be a barrier to admission and participation in district programs. Any student who knowingly makes false accusations of discrimination may be subject to disciplinary action.

E.7 Extended Learning / Tutoring Lab

The vision, purpose and intent of Extended Learning is to provide additional assistance and time for students with incomplete assignments, missing homework, or earning anything less than a C grade. Extended Learning will be offered on Mondays through Thursdays from 3:30-4:30. Jr/Sr High teachers facilitate the Extended Learning. Office Hours are also provided to students needing more support which can be held in classrooms before school, at lunch, or after school.

As teachers deem appropriate, they will assign students Extended Learning by contacting their parents either by email or a phone call a day in advance (if before or after school). Extended Learning will be assigned the next day, and the students will remain in Extended Learning until they have made sufficient progress. Teachers will keep a record of student contact for Extended Learning documentation.

Teachers will keep track of Extended Learning attendance (see extended Learning Attendance Form). If students are not in attendance, their names may be submitted to the Principal for consultation/working out an action plan with parents. Parents must take responsibility for picking up their students at the 4:15pm release time on the days that their students attend Ninth Hour after school.

E.8 Extortion

F

F.1 Field Experiences and Special Experiences Guidelines

EDUPRIZE recognizes the value of experiential learning and we encourage student participation in at least two on a yearly basis. Examples of such field experiences may include those below, and others may be approved. Note that these suggested field experiences are educationally appropriate and promote International Baccalaureate global mindedness while meeting CCSS standards, as well.

Two local, educational Field Trips are covered by the Life Fund. Students/parents are responsible *for funding all Special Experiences Options*. Each grade level may provide options that are out of the Phoenix Metropolitan area, out of state, out of the country, or are special incentives which are an additional cost with Board approval. Extra-Curricular Activity (ECA) contributions can be designated to specific students or programs by any tax payer in Arizona. This means that

local, extended family members and friends may make designated contributions in your student's name to assist with expenses.

Field Experience Chaperones

Chaperones are vital to EDUPRIZE's participation in field experience events. However, certain standards must be met, and documentation must be on file in the school office in order to ensure the safety of our students. Parents who intend to participate in field experiences must provide the phone number of a working cell phone that will be carried with that parent during all field experience activities. The number of chaperones and the parents selected to chaperone will depend on the field experience specific guidelines and the needs of the teacher.

Field Experience Criteria:

F.2 Final Exam Policy

Students in grades 9-12 must take a final exam during the last week of each semester during Quarter 2 and Quarter 4. Final exams will compose up to 20% of a student's final semester grade for the course. Final exams are not to be given early to students to maintain the integrity of the testing instrument.

In the event that a student will be absent during a final exam Quarter 2, they will be given an "incomplete" for the semester and will be required to arrange with the teachers to make up the missed finals during the first week back from break. In the event that a student does not make up the final exam, their semester grade will be calculated with a score of zero on the final exam. If a

student misses the final exam during 4th quarter, they must make arrangements with the administrator and will have one week after the conclusion of school to make up the missed exams. They will need to come to the school during summer office hours and will have the exams proctored. In the event that a student does not make up the final exam, her/his semester grade will be calculated with a score of zero on the final exam.

I.7 International Baccalaureate Assessments

The IB classifies two categories of assessments: Internal and External.

Internal Assessments (IAs) are those constructed, proctored, and scored by the content teacher, according to criteria determined by the IB and using the appropriate IB rubric. All scores are submitted to IB, and a sample of the students' work is submitted to an IB designated examiner for moderation. Moderation provides both a global leveling performance for student marks, and feedback to the teacher to inform his/her instruction and assessment. IAs are often labeled as authentic assessment, measuring skills and/or the process of learning, and vary according to content area (i.e. recorded conversation in second language, lab, reports in science, etc.).

External Assessments (EAs) are those constructed and scored by the IB, and proctored by a representative of the school (not the content teacher). These are usually summative in scope and depth, and occur near the end

of the course (usually in May). EAs exist in multiple modalities (i.e. multiple choice, short answer, problem solving), are usually timed, and seek to expose breadth and depth of understanding.

I.8 International Baccalaureate Diploma

Diploma subjects are graded on a scale of 1 (min) to 7 points (max). Normally, 20-30% of the assessment for each diploma subject is internally assessed (by the EDUPRIZE teacher) and externally moderated (by the IBO). A maximum of 3 points may be awarded for the combined performance in Theory of Knowledge and the Extended Essay. The following is taken from the General Regulations, Diploma Programme, and explains how a diploma is earned.

ARTICLE 15: AWARD OF THE IB DIPLOMA

15.1 All assessment components for each of the six subjects and the additional IB diploma requirements must be completed in order to qualify for the award of the IB diploma, except under the conditions stipulated in section VII “Special cases C: Incomplete assessment” of these general regulations.

15.2 The IB diploma will be awarded to a candidate whose total score is 24, 25, 26 or 27 points, provided all the following requirements have been met:

15.4 A maximum of three examination sessions is allowed in which to satisfy the requirements for the award of the IB diploma.

I.8.1 Creativity, Activity, Service IB Programme (CAS)

CAS projects are intended to help students “Think globally, act locally.” Working with people from different social or cultural backgrounds in the vicinity of the school can do as much to increase mutual understanding as large international projects. IB students will submit a proposal for each CAS project they intend to do. The project will be created and organized by the student reflecting student interests and requests. They can go to an adult for guidance but the student will be the creator of the project. The Guidance Counselor (IB trained) is our CAS coordinator and will guide students to acknowledge what is an appropriate and sufficient CAS experience.

The length of the whole CAS programme must extend over 18 months. Students will meet formally with the

guidance counselor at the beginning and at the end of their project. This meeting will be used to help coordinate the students' projects and facilitate the end of the project. During the time the project is going on, students will share all progress, plans, and documents with the CAS coordinator via their google drive on a weekly basis. Google Docs will be the weekly vehicle for EDUPRIZE CAS Individual Completion Form.

An IB parent network will be created. One task of this network will be to plan a monthly breakfast for the IB students and their parents to share CAS project progress. The coordinator will use this time to let the parents know how the students are doing on their CAS project. In addition the CAS coordinator will let the parents know each semester the progress of their student's CAS projects in a written format. Furthermore, EDUPRIZE morning announcement videos will be used to promote our students' achievements to our school at large. Actual videos of the projects will be included.

I.9 International Baccalaureate Inclusion Policy

L

L.1 Late Pick-up Policy
Student safety is the highest priority of EDUPRIZE SCHOOLS. Therefore every effort is made to ensure all students are under appropriate supervision until they are returned to the parents/guardians at the end of their school day. Emergencies are unavoidable and there will be times when parents/guardians will not be able to pick their students up promptly.

We are concerned about any student who remains after their dismissal time or program end time and therefore have made the following accommodations for their safety.

1. Fifteen (15) minutes after their dismissal time, students will be brought to the lobby to call their parents and to wait for the parent to arrive. At this time parents will be billed \$5 for being late. For every additional 5 minutes, 5 additional dollars will be charged.
2. Children will remain in the lobby of building 1 and/or 3 (Gilbert) under the supervision of personnel until a parent/guardian arrives to sign them out.
3. At sign out, the parent/guardian will be informed what the late fee is for the day and that they may make payment by check to EDUPRIZE.
4. Front desks close at 4:30 at which time students will be transferred to the care of the administrator on duty for the day. Students in after school programs will remain with their program supervisor.
5. Students who are picked up late must be signed out so that we have record of the time and number of late incidents.
6. Fees apply as follows after the one-time 15 minute grace period
 - a. Students not picked up at carpool within 15 minutes of their release will be charged \$5
 - b. Additional time is charged per student at the rate of \$5 for every 5 minutes.
 - c. There is no discount fee for late pick up for multiple students in the same family.
7. Every effort will be made to reach a parent/guardian.
8. After the third incident, parents/guardians may be asked to meet with an administrator to discuss options or may be excluded from special programs.

L.2 Liability

Students who steal, cut, deface or otherwise damage any school property will be suspended or expelled from school. Under Arizona law, parents are liable for damage done to school property by their children

L.3 Life Fund

We are pleased to offer our students many educational opportunities outside the classroom. This fund pays for two field experiences, most entrance admissions, chartered buses, special presenters, theatrical presentations, special presentations, etc. Life Fund is a voluntary remittance that is applied towards field experiences.

LIFE Fund is a totally optional opportunity and is collected each year for each student at the time of

enrollment and is not refundable as it is an allowable ECA expense to our families. We hope that all of our students will be able to participate in these extracurricular field experiences but understand different families' special needs. If LIFE Fund is not paid and a student does not attend a field experience, educational experiences will be provided on campus at no charge.

L.4 Lunch

It is the responsibility of parents to provide lunch each day for any child enrolled at EDUPRIZE. Our catered lunch program at the Gilbert Campus is offered as a service to our students.

1. Lunches must be purchased in advance by check or cash at the front desk of building 1 or online. A lunch card will then be sent to your child's teacher.
2. Lunches are NOT available on an individual basis for daily cash purchase. Lunches will only be provided to the purchasers of pre-purchased tickets only.
3. Watch our website and your newsletter for prices for the daily selection (M-Th), pricing, and payment information.
4. No refunds are given for absences or missed lunches. We order the number of lunches pre-purchased and must pay for these.
5. Milk cards are available for students who are not purchasing lunch. Students may pre-purchase milk cards or purchase with cash at 50¢ per milk.
6. EDUPRIZE is not federally subsidized and does not offer a subsidized free and reduced program. The forms completed are for federal reporting purposes only.
7. No third party delivery of lunches.

M

M.1 Media

Social media is an extension of all behavior and any outside/off campus behaviors that impact students may cause on campus consequences depending on the circumstances.

M.2 Medication Disbursement

All medication is to be brought to school by the parent/guardian in a properly labeled container from the pharmacy and/or the original unopened, over the counter packaging. No expired medication will be accepted. You may ask the pharmacist to label two

containers: one for school and one for home.
Medications will not be sent home with students daily

Medications will NOT be crushed without a licensed healthcare provider order. Parent/guardian is required to provide student specific pill crusher. If a medication needs to be cut in half, it will be done by the parent/guardian NOT the health assistant or nurse. Any medications that the district/school nurse feels are unsafe will not be administered until licensed healthcare provider clarification is obtained. School nurses must follow all State Scope of Practice regulations.

The parent/guardian is responsible to pick up the child's medication at the end of the school year. Any medication leftover will be discarded on the last day of class. No Exceptions.

Prescription medication must be prescribed by your child's Arizona licensed healthcare provider and filled by a licensed pharmacy. Medication prescribed by out-of-state healthcare providers can be administered for up to 60 days. After 60 days, the prescription must be replaced by a provider licensed in the State of Arizona. No Prescriptions from outside of the United States will be accepted.

A new Consent for Medication Administration form must be completed and signed by the child's licensed healthcare provider for any changes to prescription medication (dosage, timing, etc.), including each new school year. The student is responsible for coming to the health office or to the designated person to take the medication. Narcotic pain medication, CBD oil and medical marijuana will not be given in the general education setting at school for the safety of all students. (ARS§15-108)

All Non-prescription medications will be dispensed to students upon the completion of the Consent for Medication Administration form with parent/guardian signature and physician. Medication will be given in accordance to package directions. Dosage must be weight and age appropriate per label (i.e. children specific formula). If medication is to be administered for three (3) consecutive days, a licensed healthcare provider order must be submitted to the school health office for continuing administration of the medication beyond the three (3) days to ensure that use of this medication is not masking symptoms of a serious condition in the student. In order to minimize the possibility of a drug overdose, non-prescribed

medications will not be dispensed during the first and last hours of the school day. A new Consent for Medication Administration form is required for each school year.

M.3 Misbehavior

Students at EDUPRIZE have the right to a quality education free from unnecessary disruption and distractions. To protect the rights of all our children, it's important that parents and students understand the consequences of misbehavior. EDUPRIZE has set these guidelines to promote consistency in discipline in all cases. We will not tolerate misbehavior or disrespect. We want parents to know that school rules are designed to protect all students and that those who choose to break the rules are treated firmly, but respectfully and appropriately. Additionally, school personnel will work with students to help them learn from inappropriate behaviors and provide them with tools to make better choices in future situations.

Students and parents agree to abide by the policies as specified in this document and understand that noncompliance may result in a change of the child's enrollment status. Examples of inappropriate conduct that is subject to disciplinary action including possible suspension or expulsion are:

N

N.1 News Media

During the school year, the news media occasionally will request to interview or photograph students participating in school activities. If you have concerns, and do not want your child photographed, interviewed or published, you must put your dated and signed objection in writing.

O

O.1 On-line Learning

EDUPRIZE K-5 online students experience positive, supportive, and rigorous academic opportunities provided by a certified teacher in a dedicated virtual

classroom. Each grade level has the same teacher for all academic content (in the same way they would in an on-campus environment), the students benefit from live and pre-recorded video instruction, all planned and provided by their teacher. Differentiation, a core value for EDUPRIZE, is provided via live interactive small groups and tutoring sessions.

The students have access to the same quality curricular resources as their on-campus peers, with digital texts and hard-copy consumables. They build and refine their reading and language skills through the use of the excellent standards-based Benchmark Advance reading curriculum. The lessons in Benchmark Advance are designed for differentiation, so the teacher is able to meet the needs of diverse learners within the same classroom. Lucy Calkins Units of Study is integrated throughout the language arts instruction in order to build the reading-writing connection. The teachers utilize a writer's workshop format to allow students to brainstorm, write, edit, and share their work.

Our Eureka mathematics curriculum provides a hands-on approach that contributes to a deep understanding of mathematical concepts. The teacher presents lessons via direct instruction during virtual live lessons to the whole class and to small groups. Children are taught a variety of pictorial strategies to aid in problem solving. This is enhanced through math talks, journals, and real-world examples to maximize engagement and demonstrate the relevance of what they are learning.

EDUPRIZE provides science and social studies instruction via the presentation of thematic quarterly units called Cottages. Our online students enjoy the same Cottages as their on-campus peers. They engage in interactive lessons and conduct experiments to test hypotheses. At the end of every quarter, the students show off what they have learned in a virtual "Cottage Fair". This is a highlight of every quarter and is always much anticipated by students and families alike.

EDUPRIZE online students in grades 6-12 receive their academic instruction through the award-winning Edgenuity program, one of the leading online learning platforms in the country. Edgenuity provides a full range of middle and high school curricula, including a broad selection of elective courses. Core academic classes are aligned to state standards and provide all the credit opportunities required for graduation. The diversity of standards-aligned elective course offerings expands the classes available to our students, allowing them to build a learning program that aligns with their interests and

post-secondary plans. The ability to customize the learning plan for each student dovetails perfectly with EDUPRIZE’s long-standing commitment to serve and challenge every student to excellence.

O.2 On-line Learning Requirements

Requirements for the EDUPRIZE 6th-12th grade online students are as follows: An educational contract needs to be signed. Each student must commit to at least 60 minutes of class per course per day. The minimum requirement is 30 hours of time spent working on course material each week in order to meet the state requirement of 900 hours of instruction per year. The internet safety course should be completed by student and parent at the beginning of each school year. When using an EDUPRIZE account and/or Chromebook device, students must abide by the Technology Agreement that was signed prior to being provided with account information. Each student must attend daily online sessions and break-out sessions per schedule.

O.3 Open Enrollment

EDUPRIZE abides by all open enrollment requirements. Applications from new students are dated upon receipt and put into a holding file. Siblings of attendees will be called for any openings first. Throughout the year as openings become available, they are filled through our lottery system with the exception of kindergarten applications which are honored in order of receipt. By signing the EDUPRIZE Application, the student and parent agree to comply with all policies, regulations and rules of the school, including standards for academic effort, conduct and attendance. Enrollment status may be revoked if this agreement is not honored. Throughout this document, "parent" means a parent (unless parental rights have been judicially limited or severed), a legal guardian or an individual acting as a parent in absence of a parent or guardian.

P

P.1 P.E. Excuses

All students are expected to participate in physical education activities. If your child is to be excused from PE, a note from home is needed. Your child will attend PE but will be allowed to sit and observe.

More information will be forthcoming as to the times/places the clubs will be held and which teacher will sponsor the club/program. EDUPRIZE Academic Policy requires that all students participating in these extra-curricular activities maintain a C grade or better in all subject areas, and all assignments must be completed. If students’ grades are not maintained, students will be temporarily disqualified from participation in these activities until their grades improve or assignments are completed.

The following is a list of the many possible programs EDUPRIZE may offer:

P.4 Promotion/Retention Policy

Students should maintain at least a grade of C at the semester in an IB course to maintain likelihood of achieving an acceptable mark. We highly encourage our students to maintain at least a B in Honors classes. Earning a D or F at the quarter puts a student on probation for the semester. Further participation in the current and/or next honors or IB course within the IB Group will be at the teacher’s discretion if the semester grade is below a C.

1. *GUIDELINES FOR THE PROMOTION/RETENTION OF STUDENTS WITH IEPS*
Students must have their progress reviewed quarterly by the IEP team to determine whether

they have successfully met their academic goals. Promotion and retention will be based on this review

2. **GUIDELINES FOR THE PROMOTION/RETENTION OF ENGLISH LANGUAGE LEARNERS (ELL) STUDENTS**
Students may not be retained in a grade based solely on their lack of English Language Proficiency. All correspondence to parents/guardians concerning failures and/or retentions must be in the students' primary/home language. ELL students must have progress monitoring and be proficiency tested per statutes.

3. **GUIDELINES FOR 7th and 8th GRADE PROMOTION/RETENTION POLICY**
EDUPRIZE High School requires that students in our regular academic program be able to demonstrate average or above competency in all classes in order to achieve an academic promotion to the next grade level. Students must maintain a minimum of 2.0 cumulative GPA for the school year in all classes. In addition, a student who has more than one failing grade per semester in core classes may be recommended for retention. Core classes include English Language Arts, Math, Science, and Social Studies. If a 7th or 8th grade student does NOT meet these guidelines, he/she may be promoted to the next grade level on a qualified, case-by-case basis pending approval of the administrative team. 8th grade students who receive a qualified promotion may not be able to participate in the 8th grade promotion ceremony. If parents choose not to accept the team's decision they may request in writing, that the governing board review the decision. Final decisions must be made by May 15, and appropriate signature must be on file. – Parent/teacher Academic Contract Form.

For students enrolled in Special Education or 504 Programs, competencies will be based on decisions by the IEP/504 team determining whether students have successfully met their academic goals.

4. **ACADEMIC PROBATION**
Any student receiving a D (any grade in the 60's) or an F (below 60) will be placed on Academic Probation. Those students on Academic Probation are required to attend our 9th hour tutoring center during the week to receive additional instruction until their grades have improved. Conferences with teacher, student, and parent will also be highly recommended, and if need be Chancellor/Administration brought into the dialogue. All Athletic Programs and Extra-

curricular activities will be suspended until the students improve their grades.

If the teacher thinks a child will benefit from additional time in the same grade level, the parent will be involved in meetings with the teacher, administrator and other staff members. State law provides that the final promotion-retention decision may be made by the educational team. If you choose not to accept the team's decision, you may request in writing that the Board of Directors review the decision. Final decisions must be made by May 15, and appropriate signatures must be on file (Parent/Teacher Academic Contract).

Parents may view grade information at any time electronically by visiting the "Parent Portal" for their campus under the Current Students menu of eduprizeschools.net. S.3 Special Circumstance Applications for Optional Activities

EDUPRIZE has many non-affiliated optional activities that students may apply for participation. This application process supports the goals of a safe and positive experience for every child. Students who demonstrate the following qualities will be selected to participate:

1. Outstanding citizenship in classrooms and on school grounds – as exhibited by no office referrals
2. Positive attitude towards teachers, aides, administrators, specialists, and classmates – as exhibited by no office referrals
3. Demonstrates quality listening skills and the ability to follow directions the first time – as exhibited by teacher observation, and no office referrals

5. Demonstrates ability to control temper – as exhibited by teacher observation and no office referrals
6. Is not perceived to be, a danger to self or others – as exhibited by no office referral

We understand that there can be exceptional circumstances that need to be considered.

If a special circumstance student wishes to attend an optional activity and falls short on one or more of the qualities listed above, it may still be possible for them to attend. It needs to be shown that:

1. The behavior or quality can be seen to be a manifestation of the student's disability or special circumstance

(And)

2. There are adequate supports in place to ensure safety for the student and others.

The team, and parent must meet and complete the application form overleaf which details the supports that will enable success.

The final decision is always made by the School Principal and the Director of Special Education, who will both need to sign their approval/non approval on the form overleaf.

S.4 Special Education Students

When a special education student engages in misconduct that could result in suspension or expulsion, the district shall follow state and federal laws governing suspension and expulsion of special education students.

S.5 Student Code of Conduct Guidelines

All students have the responsibility to:

1. Respect the rights of others to study and learn. Students come to school for an education. An individual may decide not to take advantage of that opportunity. However, no one has the right to interfere with the education of others.
2. Attend school daily unless ill. Students in Arizona are required by law to attend school until the age of 16 or upon completion of the 10th grade. Students have a responsibility to take advantage of every opportunity to learn so they can function effectively in society.
3. Be on time for all classes. Students who enter a classroom after a class has begun are interfering with the rights of others to learn and study.
4. Complete all in-class and homework assignments and meet deadlines. There can be no effective education when students are free to decide whether they will do the assigned work. Since everything that must be learned cannot be accomplished during the school day, there will be homework assignments. Education is an ongoing process that doesn't stop when the school day ends.
5. Come to class with necessary books and materials. A teacher should not have to delay class because a student has come unprepared to begin work. This interferes with the rights of others to learn and study. Getting an education requires more than merely being in class, just as keeping a job requires more than merely showing up for work. Damaged materials must be paid for before the end of each year.
6. Respect public property and carefully use and return all materials and equipment. Schools are a community's gift to its young people. It is wrong to abuse that gift. Responsible use of materials and equipment will preserve them for future students.
7. Obey school rules. Rules are designed to allow a school to meet its obligation to educate students. Students have a responsibility to obey these rules so each student has the proper environment in which to learn.
8. Volunteer information and cooperate with school staff in disciplinary cases. Every community depends upon the willingness of citizens to play a part in upholding the rules by which everyone has agreed to live.
9. See that school documents and correspondence to parents reach home. Education required a partnership between the home and the school. For the partnership to work, those involved must

know what is happening. Students are asked to meet their responsibility to be honest and not intercept nor destroy progress reports, attendance information, newsletters, and/or report cards.

10. Comply with legal responsibilities. Students are to comply with policies and regulations, pursue the required course of study and respond appropriately to the authority of the teachers, administration and the Board of Directors.

S.6 Student Discipline Policy

All students at EDUPRIZE SCHOOLS have the right to a quality education free from unnecessary disruptions and distractions. Effective and appropriate learning occurs more readily in a school/campus environment free from behavioral problems. EDUPRIZE has set these guidelines to promote consistency in all cases, and the entire school community (parents, students, school personnel and community members) share in the responsibility for maintenance of a positive campus climate. The administration, teaching staff and other school personnel have the responsibility to determine when a student's behavior is inappropriate and disruptive or in violation of school rules/regulations or policy. When a student's behavior is inappropriate and disruptive or in violation of school rules/regulations or policy, school personnel will work with students to help them learn from inappropriate behavior and to provide them with tools to make better choices in future situation and will follow school guidelines for applying consequences.

Whenever Arizona State Law requires school officials to contact law enforcement, they will be contacted. Specifically, law enforcement will be contacted in cases involving:

1. Serious criminal/physical threat incidents Threats of any type of violence will result in a negative disciplinary consequence. The consequence will be decided on a case by case basis by the principal, dean of students, or designee, but will usually include suspension and a consultation with the school counselor. Serious situations will involve immediate police investigation and recommendation for expulsion.
2. Possession of illegal drugs
3. Possession of firearms, deadly weapons, or explosive devices EDUPRIZE will not tolerate the possession of weapons of any kind. Any student using, displaying or knowingly carrying or possessing a firearm, deadly weapon, or explosive device on district property will be immediately suspended and shall be subject to expulsion.

S.6.1 Disciplinary Severe Clause

EDUPRIZE severe clause is invoked with: Documented weapons, physical violence, vandalism, threats, sexting, sexual harassment, drugs, alcohol, and illegal substances. Consequences: Students will have OSS (Out-of-School Suspension).

S.6.2 At Risk Students

Students who are a threat to self, including self-mutilation, and/or suicide attempts are considered at risk. They will be dealt with immediately because these behaviors may create a disturbance to the educational environment and are certainly a risk to the student.

Consequences may include:

- OSS (Out-of-Schools suspension) - ½ times their grade level suspension (i.e. 10th grader is out for 5 days)
- Work will be provided
- Parent must provide proof of Mental Health service sought
- DPS contacted if parents do NOT provide services

S.7 Student Hallway Behaviors

All 8th-12th grade students change classes simultaneously eight times per day. In order to minimize hallway crowding and timely class attendance, these behaviors are imperative:

- Students should walk directly from class to class toward the right side of the hallways and should always be courteous.
- Students should not stop or congregate in the hallways between classes.
- Students should follow the directions of teachers who are stationed in the hallways to ensure safe movement.

Teachers assist outside their classroom doors supervising during the student transition. Students should wait quietly outside lining up near the door if waiting for the previous classroom to exit before entering the classroom. Passing time is only 4 minutes. Students will be considered tardy if they are not in their seats before the second bell rings.

S.8 Student Off-Campus Behavior

A.R.S. § 15-843 requires the governing board of this district to prescribe rules for the discipline, suspension and expulsion of pupils, and those rules shall include procedures for dealing with pupils who have committed or who are believed to have committed a crime. This statute does not include any limitation that a student's crime need be committed on-campus for the student to

be subject to discipline, suspension, or expulsion. See Op. Atty. Gen. No. 189-096. AG Opinion 189-096 on A.R.S 15-843 "makes no distinction as to the location of a crime a pupil committed or is believed to have committed". Thus, our district holds authority to discipline students whose presence in school is considered to be a threat to the well-being of other students or such conduct that interferes with the health, and safety of other students.

S.9 Suspensions/Expulsion

- A. *In-School Suspension:* In-school suspension (ISS) is an alternative to off-campus suspension. ISS may be imposed for one or more days. The student is removed from the regular classroom setting and is assigned to a location isolated from his/her classmates. This may be a location in the office area or another location on campus. Class assignments will be given to a student placed on ISS. A Discipline Action Form will be completed.
- B. *Short Off-Campus Suspension:* The principal, Dean of Students, or designee has the authority to suspend a student for nine school days or less. When a short suspension is anticipated, a disciplinary action meeting with the principal, dean, or designee, student, and any other appropriate persons will be conducted. The principal, assistant principal, or designee will verbally inform the student of the alleged behavior that is considered a violation of the rules. The student will be given an opportunity to respond. A Discipline Action Form will be completed. If, after these procedures are completed, the principal, dean of students, or designee decides that a short suspension is appropriate, the suspension will begin the next school day. The principal, dean of students, or designee will notify the parent that a short suspension has been imposed before the student is excluded from the campus. There is no right to appeal a short suspension.
- C. *Out-of-School Suspension:* When the student's behavior causes a danger to self or to others, an out-of-school suspension may be immediate. Parents will be notified immediately. The principal, dean of students, or designee may recommend that a long suspension be imposed in addition to imposing a short suspension. The short suspension will nevertheless take place.
- D. *Long Off-Campus Suspension:* In addition to a short suspension, the principal or Dean of Students may recommend to the Board that a

long suspension be imposed. The Board may impose suspensions exceeding ten school days.

- E. *Alternative Educational Placement:* Under certain circumstances, the district may reassign the student to an alternative educational program in place of long suspension, with or without the agreement of the student or parent. Additionally, under Arizona law, the district may reassign any student to an alternative educational program who refuses to comply with rules, refuses to pursue the required course of study, or refuses to submit to the authority of teachers, administrators or the Board. If a student is assigned to an alternative placement program in place of long suspension, there is no right to a formal hearing on the incident.
- F. *Expulsion:* Expulsion means the permanent withdrawal of the privilege of attending EDUPRIZE. Only the Board can expel a student.

"Expulsion" means the permanent withdrawal of the privilege of attending school unless the School Board reinstates the privilege. Expulsion of a student from a district school is a discretionary power of the School Board under the provision of A.R.S. 15-341, 15-342, and 15-843. The Board alone has the authority to exercise the power of expulsion of a student from the schools. The Principal or Dean of Students has the authority to recommend expulsion to the Board.

S.10 Search/Seizure

Students possess the right to privacy of person, as well as to freedom from unreasonable search and seizure of property as guaranteed by the Fourth Amendment of the Constitution. These individual rights, however, are balanced by the school's responsibility to protect the health, safety and welfare of all students and staff. School employees may conduct searches when they have reason to suspect that a law or school rule has been violated or that the health, safety or welfare of students or staff may be in danger.

T

T.1 Teacher Communication

If you need to contact your child's teacher, please feel free to e-mail or phone. On non-weekends, teachers should respond within 24 hours and plan to meet with you if needed. Weekends or other periods this may be up to 48 hours. Please respect the time of our teachers

by refraining from dropping in and expecting them to meet with you.

Students are granted technological privileges for educational purposes only. The use of the technology is a privilege, not a right, and may be limited or revoked for inappropriate use. The following policy has been established to ensure responsible and appropriate student use of technology:

5. Passwords and ‘log-ins’ should NOT be shared or used by another student.
6. Cyber bullying in any form (hate mail, harassing messages, chain letters, jokes or comments that others find offensive) will NOT be tolerated.
7. Follow copyright laws.
8. Students must receive permission from the technology lab facilitator to print any documents or information.
9. Abide by the technology guidelines in the EDUPRIZE Student Handbook.

EDUPRIZE network (including but not limited to Internet, computers, laptops, printers, etc.) is to allow students to conduct school business or activities. Tampering or “hacking” any EDUPRIZE resources is prohibited. Intentional damage or misuse of network will not be tolerated. Sharing passwords or logging in for someone else is prohibited. The school is not responsible for personal property brought onto EDUPRIZE K-8 or high school campuses. Personal belongings could include, but are not limited to: wallets, purses, backpacks, electronic devices such as cell phones, iPads, iPods, MP3 players, CD players, etc.

V.5 Visitors

All visitors (parents are visitors) are required to report to the front office upon entering the school campus so that we can protect our students properly. Do not go into hallways or your child's room and wait for him/her to be dismissed at the end of the day. This is distracting to students and teachers and instructional time must be protected. If you need to see the teacher, go to the front desk, and the teacher will be notified so that he/she will be available to schedule an appointment. Parents needing to conference with a teacher should make an appointment before or after school hours. Parents are welcome and encouraged to visit the school and the classroom, but parents may not interrupt the educational process or teaching time.

Parent volunteers are to follow a dress code similar to that of our students. Dress in clothes that are modest and do not advertise/depict information that may disrupt the educational process.

Cell phones are to be turned to silent mode while volunteers are on campus. If a call needs to be taken, please step outside.

Visits from other students and non-attendees are not allowed. These procedures are to provide for student safety, limit liability, and to provide for disruption-free instructional time.

Visitors must check in at the front desk, leave their driver's license, and obtain a visitor pass.

V.6 Volunteers

Volunteers are encouraged to be a part of EDUPRIZE. Working with students and teachers is a very rewarding experience as well as extremely helpful. Parents are encouraged to volunteer a minimum of 80 hours per family each year. This may include attending field experiences, and other activities as well as assisting in the classroom. Students' performance or special needs should be kept strictly confidential. All volunteers must check in at the front desk and pick up a "volunteer" badge so that you are identified. This is a safety precaution for all. Please call the office or contact a teacher if you have time or skills you can donate to make our school a better place for students to learn and grow.
