Welcome and Congratulations on your acceptance to Oregon State University for your 5th Grade Year. We are so lucky to have you for the upcoming 2015-2016 school year. I am Professor Osich, but you can just call me Mrs. O, as I will be your teacher this year. In case you are curious, Eduprize is starting a new program this year called the Diploma Program. Each class is representing a real life college, and you are going to have the opportunity to earn many different academic degrees throughout the year. To start the year off right, (and maybe even to earn some Beaver bucks,) you can do some research about OSU over the summer. **Who founded the college and in what year? What city is it located? Who is the current head coach of our football team?** This will be a great opportunity for you to learn a little bit about our college and also to start your classroom accounts. You can turn these answers into me at our Open House!

Speaking of Open House, you are able to come and visit campus for your New Student Orientation on Monday, July 20th at 3:30 p.m. If this does not work for you, I will be in the classroom for most of the day, but please try and stick to our designated time as to avoid congestion in the parking lot. You can find your new classroom in room 71, which is upstairs in Building 2. **While online, please print and complete the Open House/Emergency Documents and bring them with you! Also, we will be collecting $12 by cash or check (payable to EDUPRIZE) for a planner and a magazine subscription.** I am so looking forward to meeting all the future Oregon State Beavers!

Our first day of class is Wednesday, July 22nd, and all students must be present to be considered enrolled for the year. Our schedule is the PM Tops afternoon day, which begins at 11:00 and ends at 4:10pm, Monday through Friday. Maps of carpool and pertinent information regarding where to line up will all be provided at Open House.

This year, students will be enrolled in four science courses — or here at OSU we call them Cottages;  

Astronomy 101 (Planetarium) ,  
History of Inventors 201 (Invention Convention) ,  
Introduction to Physics 102 (Physics Foundry)  
Human Physiology 101 (Body Shop).

I cannot wait for you all to get here! We have so much knowledge to acquire this year, and I just am so excited to get started. If you have any questions, or would just like to reach out over the summer, you can reach me at Jessie.cefalo@eduprizeschools.net. Please make sure to visit eduprizeschools.net over the summer as it addresses many of the questions parents have, and it also provides schedules and calendars!

See you all very soon. Go Beavs!

- Mrs. O
2015-2016 Text book and Dormitory Necessities

Bring these supplies to Open House to help your child get settled into his/her desk. Please do not write your child’s name on any of the supplies.
