

I'm Paul Diedrich (Coach D.), Elementary PE Teacher. Our course content is based on Arizona State Standards for Physical Education. Specifically, we create lessons, activities and games that address state standards for physical wellness while emphasizing the importance of positive social interaction and character choices when participating in team activities. We stress the importance of having a positive attitude, giving a positive effort, and treating others with respect. Be safe, have fun, and get better!

*Coach D. and Flash the Travel Pillow*

I attended ASU, the Harvard of Tempe, and received my post-baccalaureate teaching degree from Ottawa University. I have taught multiple grade levels and subjects over the last seven years, and am currently certified as a K-8 classroom teacher, K-8 math teacher, and K-12 PE teacher. I am a married father of two teenagers and will always have at least one dog. In my free time I perform standup comedy all around the country. I love sports, movies, food, and being the two-time defending champion of the EDUPRIZE Fantasy Football League.
