

Hi! I'm Anne Tjeerdsma, the K-6 music teacher. I have been teaching music at Eduprize for 8 years. Before that, I taught in Missouri, Florida, South Dakota and Minnesota. I went to Truman State University, which is in Northeast Missouri. I have a Bachelor's degree in Vocal music and a Master's degree in K-12 education. In addition to singing, I also play the piano and flute. In music class, we learn about rhythm, melody, reading music and playing instruments. We learn about math, science, history, language and reading and how they relate to music. In 2nd grade, we do cottage fair performances based on their cottage. In 3rd grade we learn to play xylophone and perform songs at cottage fair. In 4th grade we learn to play the recorder. I teach 5th and 6th grade choir and we do two performances each school year.

I am married, have 2 boys and 2 cats. My husband Ryan and I have been married for 25 years. My oldest son is 21 and will be a Senior at NAU. My youngest is 20 and attends Scottsdale Community College. Both are studying Computer Science. I play a lot of golf, enjoy hiking and swimming, and I enjoy scrapbooking. I love sports, especially baseball and football.
