

Hello! My name is Heather Griffy. This will be my fifth school year teaching Elementary Art at EDUPRIZE. I am an Arizona native and received a BFA in painting from ASU. While a student at ASU, I was able to study art for a semester in Florence, Italy. I have a passion for art, history and literature! I have had the opportunity to visit and study famous art at its source from many museums and historical sites throughout areas of the U.S., Italy, England, France, and Spain. During college, I met my husband and we have been married now for 16 years. We have four children. Our three eldest children are students at EDUPRIZE Elementary and Junior High.

I view my time in the classroom with students as a chance to educate students about art *and* to encourage students how to express themselves through art.

I look forward to another great year of teaching art at EDUPRIZE! Students can look forward to learning new skills, vocabulary, history, and to explore different cultures all through the lenses of art. Of course, students will also bring home some great art masterpieces!
