2023-24 Behavior Support Newsletter

July 19-28, 2023

Back to School Newsletter

I hope you had a fantastic summer break and welcome back!

Behavior supports and services are designed to help students meet ***their social and behavior goals*** as outlined in their IEP.

These first weeks of school, behavior support will solidify a schedule and check in with students and teachers. Teachers have access to the IEP goals, accommodations and services documents. As the case manager, I will have regular contact with your child's teacher(s) and design the IEP goals and services. I also will work closely with the para professionals who work on implementing goals and provide supportive services. You will receive a quarterly IEP progress report (Oct, Dec, March, and May) with updates on goals. Progress reports coincide with report cards.

As a parent, you will receive a *bi-weekly newsletter* outlining what the lesson plans are that 2 week period.

You can ***always*** reach me by email at Dawniele.castellanos@eduprizeschools.net since I will not be on campus.

This will be a great school year and I look forward to seeing all the progress your child makes this school year!

Behavior Coordinator: Dawniele

Services are based on IEP goals. Services are provided in the classroom OR in the special education classroom; by direct intervention, or a combination of observation and intervention. Minutes vary, some students are seen weekly, bi-weekly, or once per month. Please see your IEP for more information.

Behavior Services are designed and supervised by a behavior specialist but are being implemented by a behavior technician. The behavioral technician will meet total minutes for the month. The Behavior Specialist will provide consultative and coordination services.
