Principal's Message

Dear EDUPRIZE Parents,

Thank you for attending our annual curriculum nights this week. The main objective was to provide you with a better understanding of what is happening in the school and in your child's classroom. Ms. Vehon and I enjoyed being able to talk with you first, making sure to outline the procedures and expectations that are common to all the grade levels before you headed to the classroom for grade-specific information. I hope you walked away with a general idea of what your child will be learning in all areas of curriculum, rules, and procedures of the class, special programs, and parent communications. If you have questions, please contact your child's teacher for a more in-depth discussion. Teachers can be reached by email or phone and will strive to get in touch with you within 24 hours. If you were unable to make it to the meeting, your child's teacher would be happy to send the PowerPoint presentation to you.

Robin Yeargain

Some new topics we addressed were:

- Our **school theme** of LEVEL UP!
- **Handbook policies:** code of conduct, dress code, and cell phones
- **Infinite Campus:** get the app for immediate information on your child (grades, fees, contacts, beginning of the year forms)
- **Gifted Program**
- **Sports Program**

Again, thank you for your support at Curriculum Night.

Have a wonderful weekend!

Kindly,
Robin

SEL CORNER

(SOCIAL AND EMOTIONAL LEARNING)

Dear EDUPRIZE families,

The first school rule of SOAR at EDUPRIZE is S - for **self-control**. So let's talk about how to develop self-control with kids. One way to do that is to model how you/others are showing self-control. For example, you might say, "I can tell that ____ really wanted to grab that cookie off the counter, but she held herself back because dessert is later and that shows self-control." Or, "I was in a hurry and thought about going too fast in my car so I could get home more quickly, but I showed self-control and went the speed limit to keep everyone safe on the road."

Heather Vehon
Dean of Students K-6th

Another way to develop self-control with kids is to see how self-control FEELS in the body. [Here is a short YouTube video](#) with 5 fun games to play with kids that allows kids to feel what self-control is like so they can tap into that feeling when they need to. Check it out with your kids and remind them of things like, "Remember how you wanted to run during red light, green light, but you had to stop when I called 'red light?' That is self-control!"

Sincerely,
Heather Vehon
