EDUPRIZE SCHOOLS

Queen Creek/San Tan Valley Campus Newsletter

COMMUNITY CORNER

by Dr. Bryce Solberg

EDUPRIZE Families,

The Arizona Department of Education has released the school letter grades for the 2022-23 school year. I am pleased to announce that the Queen Creek campus received an A rating. This is a huge achievement that confirms the amazing things happening on our campus.

There is always some confusion with the school letter grade and our A+ School of Excellence award. The school letter grade is based on AASA test scores for students in grades 3-8. This grade indicates a distinguished performance on the statewide assessment, significant student growth, students on track to proficiency; and overall performance is significantly higher than the state average. We are also awarded bonus points for science performance and special education enrollment.

The A+ School of Excellence is awarded to schools that go above and beyond the everyday practices that all schools are expected to implement. A+ schools model quality and equity, demonstrate a strong commitment to academic excellence, and cultivate learning-centered and safe school environments. This program is voluntary and requires schools to apply through an application process. If chosen, the school then hosts a visit from the A+ committee, where they observe and collect a variety of data to make the determination if a school will be awarded the A+ School of Excellence. Schools retain the award for four years, then need to reapply. We received this honor in 2014 and again in 2022.

These accolades are not the accomplishment of an individual person, but the combined effort of every single person on this campus. None of this would be possible without the entire staff helping support student growth academically and socially. Take a moment to thank the staff for all they do!
